

GAMER? CONTENT CREATOR?

WE HAVE THE COMPUTER FOR YOU

THE HP XW9300 WORKSTATION!

These monsters came from a major animation studio. You've seen what they can do on the big screen. Now you can own a piece of history — and a great computer — for a fraction of the original price.

These Gold Star Certified Renewed Computers start with this minimum specification:

- Dual AMD Opteron Dual Core processors running at a blistering 2.6 GHz
- 2 GB of RAM
- NVIDIA Quadro FX graphics
- Room for 5 internal hard drives, 3 external bays
- Ultra 320 SCSI and SATA Interfaces w/ hardware RAID
- Gigabit Ethernet
- 6 USB 2.0 and Firewire (IEEE 1394) Ports
- PCI-X, PCI expansion slots (5 total)
- Big 700 W power supply

These systems are great game systems, content creation platforms, and servers.

Your system is built to order – just the way you like it.

Start with one of these suggested configurations, then add memory, hard disks, accessories and software to build your dream machine at a dream price.
